Molloy College Science Fair Showcases High School Biology Research

Dr. Drew Bogner, President of Molloy College is pleased to announce the 4th Annual Molloy College Science Fair being held at the College. The Fair will be held on March 16, 2006 in the Gymnasium of Quealy Hall, Molloy College.

"The purpose of the fair is to give 9th and 10th graders in Nassau County the opportunity to exhibit their Biology research projects and to compete for prizes," stated Professor Grace Matzen, Science Fair Coordinator. "The Biology/Chemistry/Environmental Studies Department is pleased to afford these high school students the chance to show our judges the fine quality of their research."

This year 28 schools will be sending 9th and 10th graders to participate in the fair. All projects displayed will be graded for recognition at an Awards Ceremony that will be held at a future date.

For more information, contact the Office of Public Relations at 516-678-5000 ext. 6300.
