Molloy College Graduates 87 Nursing Students

In recognition of the need for skilled, professional nurses, Molloy College is pleased to announce that on May 15, 2006 the Division of Nursing will hold a pinning ceremony recognizing 87 students who will be graduating from its Baccalaureate program.

"The nursing pin symbolizes successful completion of nursing education," said Bernadette Curry, Ph.D., Dean of the Division of Nursing. "More importantly, it is emblematic of commitment to the mission of the Division of Nursing at Molloy College and the profession of nursing. The pin is worn proudly by Molloy alumni and distinguishes them as graduates of a program in the Dominican tradition. The program emphasizes the inherent dignity of the human being, and the essential combination of competence and compassion in the delivery of quality care."

Molloy College has the fourth largest nursing program in the nation. In addition, the College offers a variety of undergraduate programs including Business, Education, Criminal Justice, Music Therapy, and Mathematics, as well as graduate programs in Business, Education and Nursing.
