Molloy College Hosts Summer Enrichment Program

This summer Molloy College will be hosting New Generation Academy, a summer enrichment program for students in grades 5-9. The goal of the New Generation Academy is to energize the minds of students at an affordable cost to parents. The founders, who are both parents and educators, believe that academic excellence is attainable to all children given appropriate reinforcement, remediation and enrichment.

The Program will run from July 9, 2007 -- August 3, 2007 from 8:00 a.m. until 4:00 p.m. Monday through Friday on the Molloy College campus in Rockville Centre. Children participating in the program will be exposed to academic enrichment including classes in reading, mathematics, writing and science inquiry, computer literacy, research skills, creative arts, drama and recreational activities. There will also be a focus on multicultural awareness. Instruction is provided by certified instructors.

The cost for enrolling in the entire four-week program is \$400.00. Enrollment on a weekly basis is also available at a cost of \$125.00 per week.
